PIANO FORTE TUNING AND REGULATING.

THE SUBSCRIBER, having engaged the services of Mr E T HURLBUT, a competent and experienced tuner is now prepared to attend to all orders with which he may be favored. The following testimonial to Mr Hurlbut's capability is from the director of the celebrated Germania Musical Society

[illegible] March 27, 1855

It is with much pleasure that I commend Mr E T Hurlbut as a Piano Forte Tuner and regulator. To say that he is an excellent tuner would not be doing him justice for I can without hesitation say that he is capable of tuning a Piano as near to perfection as it is possible for a Piano to be tuned, but the greatest recommendation for him is the unusual length of time which his Pianos remain in tune. I have never, either in Europe or America seen a man whom I would so cheerfully and with so much confidence employ to tune or regulate a Piano forte as Mr Hurlbut and as cheerfully recommend him to all who want Pianos tuned

Through long long years to seek to strive to yearn
For human love and never quench that thirst
To pour the human soul out winning no return—
O'er fragile idols, by delusions nursed—
On things that fail us reed by reed to lean
To mourn the changed, the far away, the dead
And send our troubled spirits through the unseen
Intensely questioning the treasures fled

"This has created quite a sensation in literary circles, and met with an unusually large sale. It has been reprinted in England France and Germany and has already acquired for the youthful authoress an enviable reputation as a writer of originality and genius. 'Alone' is a novel something after the Jane Eyre, in many of its characteristics but infinitely superior to this brilliant work of fiction in its moral purity of tone and delicacy of sentiment. Less skillful in plot, it is yet more natural and lifelike and is at some points fully worked up to the pitch of excitement which at after readers of romance require. It is nevertheless more pleasing to those who require truthful pictures of life unexaggerated overwrought descriptions of human nature. Ida Ross, the heroine of Alone, while possessing masculine vigor and strength of mind, retains the delicacy and refinement of a true woman and while displaying the strength of intellect of the plain little Jane Eyre, has none of her disagreeable coarseness. 'Charley' and others of the dramatis personae is a decided character—one of those creations which live in the memory for [illegible]

"Marion Harland the author of 'Alone' and the 'Hidden Path' is the nom de plume of Miss Mary Virginia Hawes of Richmond Va the daughter of Samuel P Hawes a native of Dorchester Mass. Miss Hawes consequently though of Southern birth is half Yankee by extraction."—*Boston Daily Journal*

THE HIDDEN PATH,

Author of Alone

"Virginia's fair daughter has given us another of those pictorings that tell upon the heart. We can almost say as [illegible] of Isabel, I was weary and you rested me—and you taught me hope. The young who walk wearily at the lone in the earnest path of life may perhaps gather a little strength from the contemplation of Bella's gentle faith and endurance. There is many a 'Hidden Path' near the dusty highways of life that all unseen as they are by careless travellers lead at least either in time or eternity to a peaceful vale beyond. It enhances not a little the interest of the work to know that 'Grace Greenwood' is the supposed original of Isabel."—*Ladies' Repository*

PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior or work has long been a desideratum. All paints prepared from Linseed Oil will rapidly turn from the light and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day

The subscriber after a sufficiently long experience in its use can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color from the purest white resembling enamel or porcelain to all the different varieties of tint suitable for private dwellings, Churches Hotels, &c which in brilliancy and richness of surface it surpasses all other paints. It possesses superior advantages in [illegible] permanency even the most delicate colors [illegible] which it is combined.

WEVER'S
DRY GOOD PALACE
AND
CARPET ROOMS!

Come to the Palace oh come there with me
Where Fashion amid splendor still holds her levee
And smilingly tells you that Beauty is sold,
To youth, of to age in exchange for their gold,
And their Lady like charms through Life may prolong,
In robes like a Queen's, which sell for a song
There're shawls for the taste, and shawls for the storm,
They're cloaks which fall softly, so rich, and so warm,
They're carpets of Wilton, of Velvet, and Brussels
They're laces, and 'broideries, ribbons and tassels
They've somber hued goods for the weeping, and sad,
They've suits like the sunshine for merry and glad,
They're fabrics for millions and hold their levee
For those who pay, or come but to see
If Palace of Dry Goods, so wondrous grand,
Can be aught but a table of old Fairyland
But those who know WEVER can't doubt for a minute
This glorious Palace, and all that is in it O H G

Now I blush, indeed I do what modest married man would not? Yet I console myself with the idea that beauty always pays tribute to worth and merit. Thanking sincerely my humble my fair contributor I trust that by honest promptness and my gentlemanly bearing, I may ever command her respect.

NEWS OF THE MORNING.

The telegraph not being in working order, we have but little intelligence from the East this morning.

Our Legislature transacted considerable business yesterday. The Supreme Court met, but without announcing their decision in the Governor case adjourned till 10 this morning, when they will doubtless pronounce judgment. A private dispatch informs us that Mr. Barstow's Secretary was handing out muskets from the basement of the Capitol last evening—an empty bravado.

A variety of interesting items will be found in our local column.

We had an Eastern mail, yesterday, for the first time in ten days, bringing us New York papers up to the 5th inst.

Aid for Kansas.

We invite the attention of our readers to the Address in this morning's paper, from the Trustees of the Kansas Aid Emigrant Association, suggesting a plan of action for the people of this State. Let the friends of "Freedom in Kansas" read and heed this counsel, and "suit the action to the word."

Our Foreign Correspondent.—Another of Mr. French's spirited and graphic letters is concluded in to-day's paper. We believe that our readers very generally concur in the high estimate we place upon this correspondence and find something novel and interesting in each letter. Mr. French, at the last accounts, was at Cairo, about starting on a voyage up the Nile. We take the following extracts from a private letter of his.

Cairo, Egypt, Jan. 3rd 1856.

Messrs Editors:—I arrived in this ancient city of the Pharoahs some ten days since and find it rich in antiquarian lore. I much regret that I am so situated that I cannot take along, or send in advance many fine specimens of antiquity &c., which I could pick up for a trifle; for the museum of the University of Wisconsin. But freights are very high and opportunities rare, of sending in American vessels. Arrangements should be made in advance, at New York or Boston; and possibly chances would occur at Alexandria.

It would give me pleasure to collect and purchase, at my own expense, any specimens desired, if arrangements could be made for the frieght, either in this or any other country I travel through; though for Egypt, unless attended to forthwith, would be too late.

I regret much not to find the *Sentinel* here. The last I received bore date Oct. 16th; and of course I know nothing of the result of the election &c., in Wisconsin,

I have visited the Pyramids, 12 miles from here, and although glutted with sight-seeing, they struck me as the most imposing monuments I have seen, erected by man. I am fitting up my boat for the second catatact on the Nile, and hope to be off in a few days.

Yours &c., V. FRENCH.

The Masses Moving.—The proceedings of the meeting at Beaver Dam are commended to the attention of our readers as indicating the feeling which is rife in the country against the attempted and threatened invasion of the executive department by the Judiciary. The people are rousing, let the conspirators against the constitution tremble at the storm they are raising.—*Madison Argus.*

This is the first "crumb of comfort" that the *Argus* has found since Barstow proclaimed his determination to resist the Supreme Court and called upon his party friends everywhere to follow this treasonable lead. The "Masses" at Beaver Dam consisted of a small squad of village politicians, who, in obedience to orders from headquarters, got together and passed resolutions, denouncing the Court and endorsing the Usurper. About the same time "the Masses" moved at Madison and Milwaukee, rebuking the conspirators in the most emphatic manner and giving unmistakeable proof of their determination to stand by the Courts and sustain the Law.

☞ The sterling value of the Racine and Mississippi Railroad has never been doubted by people on the line of the road conversant with the country through which it was to pass, and the places it was to connect; but Milwaukee, through her many tongued daily press, sneered at the project and affected to regard it as visionary and ridiculous.—*Racine Advocate.*

Does the *Advocate* speak of its own knowledge, or from information in this matter? In either case, it does gross injustice to "Milwaukee" and her "many-tongued daily press." So far as our recollection extends, the Racine and Mississippi R R., as well as the city of Racine itself, has always been kindly, fairly and generously treated by the press of Milwaukee. Why then should the *Advocate* seek to create a different impression? Ther is no thought or occasion of rivalry between the two cities, and on our part, certainly, there are none but the most friendly and neighborly feelings. There is no interest, or enterprise of Racine, to which we do not wish well and heartily say God speed.

Brutal Assault.—We learn from the Appleton *Crescent* that Reeder Smith was brutally assaulted and badly hurt by two ruffians, on the 5th inst., while engaged in surveying and selling lots in New London. The assailants were arrested and taken to Mukwa. The *Crescent* says that Mr. Smith's injuries, though very severe, are not mortal.

The Response.—The *Argus* spoke the other day of the response in favor of rebellion against the Supreme Court that come from Janesville, Racine, &c. The Janesville *Free Pres* says:

If the "response" from "Racine, Waukeshaw, and from everywhere we hear" is as weak as the one that goes up from Janesville, the usurper receives little comfort. When the Supreme Court declares Coles Bashford Governor of Wisconsin, *Rock County will be ready to honor his draft for* 1000 *men.*

Mr. Barstow's Sponsers.—The Fond du Lac *Union* a zealous Barstow paper, hesitates nevertheless to endorse the Usurper's last desperate throw and join in the meditated treason against the State. It seeks however an excuse or apology for the proceeding, in the advice of his counsel, of whom it says:

We know of no men in Wisconsin whose legal opinions are entitled to more weight than those of Jonathan E. Arnold, M. H. Carpenter, or Harlow S. Orton.—Entertaining, as two of them do, political sentiments *antagonistic to those of* Gov. Barstow, they cannot possibly be biased in their opinions by party predilection.

So far as the question before the Supreme Court is concerned, the "political sentiments" of Mr. Barstow and his counsel are entirely of accord. All three of them voted for Mr. Barstow and against Mr. Bashford. Their "legal opinions," therefore in this matter were at *least* as likely to have been affected by political, as well as professional *bias*, as those of the Court whose honor and integrity they have been so ready to asperse.

Reeder Floored!—Our "Anti-Nebraska" House has again voted in effect to exclude Reeder and confirm Whitfield as the Kansas Delegate. What a humbug is Republicanism.—*Appleton Crescent.*

That *is* cool. The Republicans voted in a solid body, to give the Committee on elections, the power to look into this Kansas election. It was the Sham "Democracy" and the *bogus* "Americans," who united in the effort "to exclude Reeder and confirm Whitfield as the Kansas Delegate."

Editorial Correspondence of the Sentinel.

Madison, March 15.

The Reports of the Bank Comptroller and the Commissioners of School Lands were laid on the tables of members this morning. I will make an abstract soon. I notice that the Comptroller's Report gives the name and amount of stock of each Stockholder of the various banks of the State. The following aggregate figures may be of immediate interest.

Number of banks 1st January, 1856,		32
(Marine Bank, Milwaukee, organized since.)		
Capital,		$1,970,000
Countersigned notes outstanding,		1,153,284
Secured by State Stocks,	$1,220,000	
" Specie,	26,875	
Total stocks and specie,	$1,246,875	

The reports of 30 banks give:

Capital,	$1,870,000
Circulation,	1,060,165
Deposits,	2,806,341
Specie,	331,713
Cash Items,	57,218
Public Securities,	1,170,422
Taxes collected,	23,970

Both Houses have done good work to-day—supposing progress in the general file always to be good work—at all events, they have done a good deal of work.

Among the bills passed in Senate in the morning were two in relation to our city; one regulating the manner of platting lots and lands, and another generally entitled an amendment to the charter, and which I shall try to examine, as it seems to be a sort of omnibus affair, and contains quite a number of provisions, of various kinds.

Another bill was in relation to the running of railroads when crossing each others tracks, compelling them to come to a full stop, and regulating the methods of recovery in case of loss of life by wilful neglect.

A bill authorizing the Wisconsin Central R.R. Co. to consolidate with an Illinois road coming up, Mr. Hadley moved to postpone it indefinitely. He stated briefly his objections, such as the throwing the control of Wisconsin railroads into Chicago hands—the difficulty which might thus ensue with a road which crosses almost all the other roads in the State—the depreciation which parties out of the State would be interested to make of the bonds of our lake cities, of which Milwaukee has $1,500,000 out, and proposes to issue $500,000 more—the probability that a consolidated Company, controlled in Illinois, would refuse to carry the mail except on exorbitant terms, &c.

Mr. Mills, of Walworth, defended the bill very earnestly, on the ground that the consolidation was demanded for the better progress of the enterprise—that if the farmers in the country wished the privilege of a choice between Wisconsin ports and Chicago as a market, they had the right to have it, &c., &c.

Mr. Barnes, of Jefferson, said that the W. C. R. R. would pass by his own door, and be favored by it, but he could not favor this bill, because he thought that it created a monopoly of a Wisconsin road in hands out of the State.

The bill was indefinitely postponed, by 13 to 9—the list of ayes and noes is sent by telegraph.

In the afternoon, the Senate took hold with a will, and lowered the general file till it was about dry, and then passed about 60 bills, for the titles of which I shall have to wait for the Journal of to-day's proceedings.

It is said that Mr. Barstow sent to the German Turnverien Association here, inviting them to form a military company, but that they, at a meeting last night, resolved to decline the invitation.

Does anybody ask whether the Usurper and his backers are desperate enough to resort to force of arms to maintain themselves against the decree of the Court should it go against them? I can only say that, loth as I am to believe in the possibility of disgrace falling upon our State from such folly, there seems to exist a desperation among these men which *may* carry them to the farthest extreme. We shall see, shortly.—Woful will be the retribution brought upon them by the people, if folly shall lead to bloodshed!

Aid for Kansas.

Danville, March 12th, 1856.

Messrs. Editors:—By reading the procedings of the meeting that was held in Milwaukee on the 6th inst, in regard to affairs in Kansas, the workmen of D. E. Bassett, of Danville, and others, animated by a spirit of Freedom, got together and subscribed the sum of forty dollars, and although the sum is small, yet it is given with a cheerfulness of spirit, evincing a deep interest in the future welfare of Kansas. We will remit the money whenever necessary.

P. S. By the way Danville is a young but thriving village, in the County of Dodge 8½ miles S. E. of Columbus.

I remain yours respectfully,

J.

Fires at Appleton.—The "Plank Road Store," at Appleton, owned by Reeder Smith, and occupied by several families, was destroyed by fire on the 6th instant. Loss $700—no insurance. On the 8th instant, the Second Ward School House was also burnt to the ground. Loss $1000. And on the 11th the Boarding House of Mr. Laurence was slightly damaged by fire. The *Crescent* brings us the above items.

Big Price.—We are informed by O. S. Wright that Mr. Griffith and himself have purchased of Mr. Smith twenty-five feet on Main street, opposite the Lewis House, for which they have paid one hundred and forty dollars per foot. These gentlemen propose putting up a block on the ground where the drug store of the Messrs. Rodgers, and Jewelry store of Smith & Wilcox, now stand. This, in connection with the building the Messrs. Amory propose putting up this Spring, will make a splendid block, and be an ornament to the city. These blocks are to be built of stone, and to be three stories high.—*Fond du Lac Union.*

Buildings in New York.—The New York *Journal of Commerce* says that next May, which is the time when the city leases expire, and contemplated improvements of all sorts generally commence, there will be a revival of building on an extensive scale surpassing any years since 1851. As for building materials, marble is almost universally adopted as a substitute for freestone which, until recently, was much in vogue. The anticipated improvements will be located almost wholly in the lower part of the city, and consist chiefly of stores and banking houses. The Journal says: "Of house building there seems to be very little in prospect, except as a few dwellings of an unpretending class may be erected, to meet the absolute necessity of the city, arising from a growing population. The impression is prevalent that we have got enough "splendid houses." Heavy taxes, livery servants, insurance, wear and tear, and multitudes of country cousins, don't pay, with money at ten per cent."

Fearful Effect of an Avalanche.—During a recent rain storm at Cape Breton, an avalanche of snow, impelled by a large body of water, overwhelmed the dwelling-house of a Mr. Campbell, about thirty miles from Sydney, destroying the house, and burying in the ruins Mr. Campbell, sis wife, mother, three children, and two young girls. Mrs. Campbell, her three children, and one of the girls, perished by the catastrophe, but the others were rescued alive. The avalanche occurred in the night. A barn was also overwhelmed and eighteen head of cattle were killed.

The Governorship.—It will be seen by reference to our Legislative news, that Mr. Barstow threatens to hold his office in spite of the Supreme Court. His message is an extraordinary specimen of executive dignity, and for its cool assumption of prerogatives, is well worthy of imitation dy Napoleon III., or King of the Mosquitoes I.

There are various conjectures as to his Excellency's intentions; some think he will try to retain his seat, and a civil war will ensue; and others suppose he is merely figuring for time, to enable him to make the necessary preparations to leave.—*Whitewater Gazette.*

Another Locomotive.—The "Rock River," which has been brought from the Chicago end of our road, was this morning put upon the track. This is the third locomotive now running on this end of the road, and two more are needed to transport the immense amount of freight, and forward the passengers between this city and the junction.—*Fond du Lac Union.*

RAMBLES IN EUROPE—NO. 64.

The Church of Santa Sophia—The Cistern with 1001 Columns—The Hippodrome—The Seven Towers—The Khans—The Bazars—The City Gates—The Castle of the Ottoman Sultans—Imitation of Johnny Bull—The Arabahs—Turkish Ladies.

(CONCLUDED.)

Constantinople, Nov. 23d, 1855.

The Khans of the city, of which there are one hundred and eighty in number, are well worth visiting. These are nothing more or less than public houses built at the expense of the Ottoman Sultans in former times for the benefit of the vast number of caravans of merchants and strangers who came from distant lands to bring their wares and merchandize to Constantinople to trade. Here, free of all charge, the merchant from distant China, Persia, Allepo, Bengal and from Africa finds a home for himself, stables for his camels, and warehouses for his goods. Policy, as well as hospitality and philanthropy led to the erecting these edifices, and they are found all through the Turkish dominions, as well in Europe as Asia. The one I visited was very large. The great court in the centre contained nearly two acres. Around the sides was a large quadrangular building three stories high above the basement with balconies running clear round. The lower story or basement is appropriately used for stables and warehouses. The upper stories are all finished off into small apartments convenient for a temporary residence. The traveller always has his bedding with him, so that it is but a few moments work to furnish his room. All classes, whether rich or poor, or of whatever country or religion, are entitled alike to these privileges. In the center of the court are one or more fountains, and they are usually surrounded by a small grove of trees.—The size of this one may be imagined when it is known that 5,000 troops were crowded into it last winter.

But the bazars amused me as much as anything else. I should think they covered a space of some ten acres or more, all under one roof.—Any attempt at imitating them entirely fails. All this ground is laid off into narrow streets with small shops on each side. The light comes in from the domes above which are mostly of glass. Seen at a distance the ground looks as if it were covered with innumerable little churches with their domes ranging side by side with each other. Here in different quarters among these little shops are found stocks of goods of immense wealth, yet of the small and lighter fabrics; such as silks, muslins, shoes, ivory and amber ware, jewelry of all descriptions, and many other singular articles. The shops are from eight to fifteen feet in width by ten feet deep; of course all on the ground floor, and present the goods in the most attractive manner. Here, on finely embroidered carpets, sits the Turk, tailor-fashion, ready to wait on cash customers, for he never heard of such a thing as credit, and as philosophically as if he were making out the geometrical and undeciphered problem of squaring the circle; without having any fears of being called upon by a creditor, for he pays down for his goods, or going into bankruptcy, for he owes no one. He has one very queer rule, however, which he has borrowed from some of his neighbors who live across the great waters, of asking just double the value of an article, and generally taking what is offered.

The city of Constantinople is surrounded, as I have before remarked, with high walls, through which there are twenty-eight gates, some of which are celebrated in history. At 9 o'clock in the evening, these gates are all closed as well as those of Pera, and it is with the utmost difficulty one can get through after that hour. Not even the Physicians are permitted to pass without going through a great deal of useless ceremony and vexatious delay.

The extreme Eastern end of the promontory in old Stambool is called Seraglio point, where is located the old palace of the Ottoman Sultans. It is likewise enclosed with walls, which are three miles in extent. It consists of an immense pile of buildings, which were once magnificent, and even now no doubt exhibit a great deal of splendor. One of the gates, which is the principal entrance, is a large pavillion, having eight openings over it in a semicircular-arch and surrounded with Arabic inscriptions. From this gate (*Porte*) which is very lofty, the Ottoman Empire took its name.

But for many years this palace has not been occupied by the Sultan. It is only used as a residence of some of the widows of the late Sultan, and a few old dilapidated eunuchs. I was over there twice but could only get through the wall and permission to visit the gardens. Within the last two years I am told the city has been wonderfully Europeanized. The English and French have established themselves here, and feel as much at home as in London or Paris. The Turks fear and respect them from that only. The Kiosks and mosques are now open to visitors, when twenty years ago, if a Frank ventured to put his foot into one, he would get bastinadoed, and perhaps lose his head. He has now to take off his boots and either go in his stockings, or take a pair of pumps along with him.

When the war first commenced and the English and French troops first came on, the Turks did not at all like their free and easy way of getting along. I was told that one day an English officer was passing the bridge, which had been made free to all who were connected with the war, but not having any uniform on, the Turkish officer stationed at the end of the bridge caught hold of him in rather a rude manner and stopped him. Being in a hurry, and seeing one of his men, a large broad framed Highlander passing, he said to him: "John, take care of this fellow; he is bothering me with his gibberish, and I am in a deuce of a hurry." No sooner said than done, John with one hand took hold of his collar and with the other the seat of his unmentionables, and pitched him head foremost, sword and all, over the bridge into the Bosphorus. This had a wonderful effect in taking out the oriental starch in all of them.

Having brass buttons on my vest and walking rather rapidly, I was not asked for toll for a long while, nor in fact did I know the custom, although I saw every one pay except the Franks as I supposed.—But shortly after hearing this anecdote, as I was passing, a fellow came out running after me in a great haste and wanted toll as I suppose; happening to feel in good humor, I thought I would try an experiment. So swelling out my face as much as possible and throwing a beef look into my countenance, with a tremendous savage look I sang out "English", at the same time pointing to my buttons. The moment I looked at him and he heard the word, he took to his heels and was out of sight in his cubby hole.

The Turkish ladies ride a great deal in what are called the Arabahs, a sort of old-fashioned phaeton, long since gone out of use in the United States. The body is shaped something like a stage coach, yet more like a triangle with the narrow point down where the steps are, which is the centre. Some of these are painted and decorated extremely well and being hung on thorough braces, I presume, ride easy over the rough pavements. Most of the ladies, particularly those of the harem, paint or stain their nails red and their eyebrows black.

As I have before remarked, few or none that belong to the Sultans establishment, lay any claims to accomplishments or an education. Indeed I am told that he does not desire it, except in his wives. Possibly he may have the same view of this subject that one of our most eminent poets has taken, where he says:

> "——— What I must prize in woman
> Is her affection, not her intellect!
> The intellect is finite; but the affections
> Are infinite and cannot be exhausted."

There is one thing certain about the Turkish women in or out of the harems, that they grow prematualy old at a very early age. A lady who is forty, I am told, is older here than at sixty with us. How this is accounted for, I could not learn, but merely state the fact as it was told to me.

ADDRESS

Of the Committee of the Kansas Emigration Aid Association of Wisconsin to the People of the State.

Fellow Citizens:—In pursuance of a public call, a great and enthusiastic meeting was held at Young's Hall in the City of Milwaukee on the 6th inst, and an organization effected, styled the Kansas Emigration Aid Association of Wisconsin. Towards the close of the meeting, a call was made for means to aid in the settlement of Kansas by freemen, and between two and three thousand dollars contributed or pledged on the spot, together with several volunteers for emigration. An Executive Committee of twenty-one from various parts of the State was appointed to carry into immediate and vigorous effect, the objects of the Association. It is for efficient aid in this sublime work of redeeming Kansas from the curse of Slavery that we make this appeal to our fellow citizens in every part of the free State of Wisconsin.

To render the appeal effectual, we beg you to look for a moment, at the momentous crisis before us, and at the insidious but rapid progress of the Slave power to the present hour, when it is making the most desperate efforts to consummate an act, which, if consummated, bids fair to give the preponderance and sovereignty to the Slave interest in this country in all coming time—to render Slavery a national institution and liberty subordinate in this republic consecrated to freedom by the blood of our fathers.

Thirty-six years ago, slavery demanded the admission of Missouri into the Union as a Slave State. The moral sense of the North was shocked at the monstrous proposition, but finally appeased by a solemn proviso forever securing to freedom all the immense remainder of the Territory lying North of the South line of Missouri and stretching on to the far West. This proviso remained intact and sacred till two years ago, when the South boldly demanded the repeal of this all important and solemnly guaranteed protection; and enough Northern men were found sufficiently compliant to submit in consideration of another deceptive compromise. This was the Kansas-Nebraska bill, containing an express proviso that the people of the Territory should be left "perfectly free to form and regulate their own domestic institutions, subject only to the provisions of the Constitution of the United States."

And now, what next? Why the Slave power impudently denies the right of the people of the Territory to prohibit Slavery on their own soil—either to "form" or "regulate their own institutions!" "Perfectly free to form and regulate" every thing but freedom. In relation to this, they have no freedom, no right to act. Accordingly, no sooner did the people of this "free" territory meet to elect members of their own legislature—to take the first step to "form their own domestic institutions in obedience to an express provision of the act of Congress, than armed bands of Slaveholding Missourians invaded the Territory, took possession of the ballot boxes, excluded the legal voters, and in shameless defiance of all law and all right, proceeded to elect their own legislature. This illegal and foreign Kansas legislature acted in perfect keeping with the ruffianly mode of their election.

They excluded the few members who were legally elected by the citizens of Kansas, and then proceeded to pass a series of pretended legislative enactments more disgraceful and atrocious than ever stained a civilized statute-book. Take the following as an example:

"Sec. 11. If any person print, write, introduce into, or publish or circulate, or cause to be brought into, printed, within, published or circulated, or shall knowingly assist in bringing into, printing, publishing, or circulating within this territory, book, paper, pamphlet, magazine, handbill or circular, containing any statements, arguments, opinion, sentiment, doctrine, advice or innuendo, calculated to produce a disorderly, dangerous or rebellious disaffection among the slaves in this territory, or to induce such slaves to escape from the service of their masters, or to resist their authority, he shall be guilty of a felony, and be punished by imprisonment at hard labor for a term not less than five years." Then follows another section with a similar penalty against any one who intimates that persons have not the right to hold slaves in the Territory, thus establishing slavery, rendering it perpetual and unchangable, abolishing forever, free speech and a free press, and establishing the veriest despotism on earth.

The legal governor of the Territory, attempting to oppose these lawless proceedings by his executive and lawful veto, was promptly ejected from office by President Pierce, and thus the whole field abandoned by our government, to the rule, not of the citizens of Kansas, but to that of Missouri and the South.

Is it wonderful, that the free, the liberty-loving men of Kansas, through whose brave hearts courses the warm blood of the patriots of '76, should refuse to submit to such a lawless destruction of their rights? If they had, they would not be worthy of the sympathy and aid, which they now implore at your hands. Moved by the spirit of their fathers, they held a convention, appointed a day, and prescribed the manner of electing a delegate to Congress, and provided for a convention to frame a constitution. An election was held, a delegate elected, a constitution formed and ratified by the people. But twice during these legal proceedings, was the Territory invaded by the armed missions of slavery, Lawrence was besieged, property destroyed, blood spilt, and murder committed.

It seems that no favors to these brave defenders of their rights are to be expected from the general government. The fate of freedom must depend wholly upon the *numbers* of freemen who can be permanently planted on her soil. But with little help or with much, they are determined to put forth the last possible effort to make Kansas a free State. Missourians and slavery propagandists are equally determined to make it a slave State. And the motives for this earnest struggle are obvious; for each party feels that, upon the slavery or freedom of Kansas depends the future predominance of freedom or slavery in these U. S. The contest is one which has never been equalled in this country in its prospective importance. It is an exigency adapted to rouse the patriotism in every freeman's soul to more than revolutionary enthusiasm, and to galvanize even the torpid into a temporary spasmodic effort, to strike, at least, one blow in this momentous crisis for freedom. The South is putting forth mighty efforts, and raising large sums of money to throw into this disputed Territory a preponderance of Southern population. Shall they succeed?

Thank God! they shall not. "The feet of freedom are nimble. The feet of slavery, shod with iron, for crushing, move slowly. A thousand free settlers will move with all their utensils to a region, before a hundred men with the torpid foot of slavery can move or start." So true is this that of the Sixty Thousand souls in Kansas at the present time, four-fifths, if not nine-tenths, belong to the army of freedom, and that number will be greatly and rapidly increased as the Spring and Summer come on. And now the question is: Shall Wisconsin bear her part in this great conflict? Will she send forward of her men, and her means, and aid in taking possession of this fair land? That this question will be answered affirmatively we make no doubt.—She would be untrue to her own noble self, were she to answer otherwise. Does she not in her own person present a monument of glory as to what *free labor* and the doctrine of the *equality of men* can do, in a country like Kansas? Scarce twenty years is it, since her own domain was the undivided home of the Indian—but now, witness her Six Hundred Thousand free inhabitants—witness her towns—her cities—her school houses—her churches—her colleges—her many-tongued public press—her roads—her bridges—her mills—her factories and her "cattle upon a thousand hills." And will she stand listlessly by and see the dark pall of Human bondage—like the hideous darkness of Egypt—spread itself over the beautiful plains of Kansas—not less beautiful than her own, without an effort to avert so sad a doom? Never! A thousand of her citizens, old and young, have their eyes already turned towards Kansas. Some of them to go to Kansas will require aid. Others of them will need but little more than information, as to the country, and the best methods of getting there. While still others have both means and information and, only await the opening of spring and summer to go upon their journey. We urge such of our fellow citizens as can, to go to Kansas; and in doing so, feel that we can, from full information, conscientiously recommend Kansas as a most desirable home for the landless emigrant. In salubrity of atmosphere, in mildness of climate, in richness of soil, in abundance of useful streams, it holds out inducements to the farmer, the mechanic, and to all classes who are needed in building up a rich and growing State, not surpassed by any other new State or Territory.

The Committee repudiate the idea of encouraging emigration to Kansas otherwise than as a home. They wish to fill it with liberty-loving citizens in sufficient numbers to make it a free State, in a peaceful manner through the ballot-box, and thus save the necessity of continued conflict.

The Committee recommend the following course of action:

Let an Association be formed in every County in the State, with auxiliary associations in each town; the local associations to expend the contributions raised among themselves to the aid of emigrants from their own midst. They also recommend that as far as possible, companies be formed of considerable numbers, furnished with ox or horse teams and covered wagons, and take the overland route through Iowa. This leads over and through a fine country the whole distance. It will take about thirty days to perform the journey. So far as the Committee can judge it is the safest, cheapest, and most independent method of making the journey. They desire to be informed through their Secretary, Charles T. Hotchkiss, of all the companies that are formed in the State, the time when they intend to start, their numbers, and the amount of donations of land, money or other means. They have opened an office in Milwaukee, employed a Secretary, and will take the Kansas papers, keep up an extensive correspondence, and obtain all the information in their power, which will be at the service of all auxiliaries, companies or individuals, who will apply at the office or address the Secretary. If reports are promptly made to our Secretary, all companies or individuals can learn, through him, of the number and time of starting of all other companies, and thus be enabled to co-operate with each other. An agent is already on his way to Kansas, who will return by about the 1st of May, and bring valuable information for those about to emigrate.

The Steamer Pacific.

The missing steamer is now in her *thirty ninth* day, and we yet have hopes of her safety. It will be many days yet, before we believe that she is lost, so long as we remember the *Atlantic* from which we did not hear for *forty-nine* days, was safe, after all. Mr. D. D. Erving, of this city, and brother to Augustus Erving, Secretary of the Legation to St. Petersburg, and who is a passenger on the *Pacific*, addressed a letter, Feb 25th, to Mr. Collins, to get his honest opinion with regard to the safety of the missing ship. The following reply was received by the returning mail:

New York and Liverpool U. S. M. S. S. Co.,
58 Wall st., New York, Feb. 26th, 1856.

D. D. Erving, Esq., Hartford:—

Sir.—In answer to yours of yesterday, just at hand, I have no apprehensions for the *Pacific's* safety—think she has met with an accident to her machinery, and been obliged to put back to Liverpool, in which case you might not hear of her for a month yet. Do not think she is in the ice, or has been—as our steamers have frequently been in and come out without sustaining any serious damage. Hoping you may soon receive intelligence of the *Pacific's* safety,

I am, Sir, Yours very respectfully,
E. K. COLLINS.

This is a hope in which all are unanimous, and it is not an unreasonable one. We shall wait with patience information respecting the *Pacific* from Liverpool or Fayal. We do not yet believe that she is lost.—*Hartford Times.*

Fire.—The residence of William Shelton, on Pleasant street, near the Baptist Church, caught fire in the roof at an early hour yesterday morning. Though our efficient firemen were prompt as is their custom, the upper part of the building was destroyed before it was possible for them to get to work. The remainder was saved. Damages about $300.—*Janesville Free Press.*

Good Time.—Yesterday afternoon the Cars arrived here on time. In the evening they were at the station at ½ past nine, being four and three quarter hours from Milwaukee, the quickest trip since the connection was made.—*Fon du Lac Union.*

MARRIED.

In this city on the 13th inst., by Rev. S. A. Kingsbury, Mr. HARRY J. POTTER, and Miss LOIS ROBBINS, both of West Bend, Washington Co.

On the 18th inst., at the residence of the bride, by the Rev. Mr. Fenny, Mr. Z. A. COTTON, of Milwaukee, to Miss ANNA E. LEE, of Roscoe, Ill.

At the Orleans Hotel, in Sacramento, Jan. 2, by Rev. Mr. Pratt, WM. BUTTERFIELD, Esq., of Nevada, to Miss MARY G. SMITH, daughter of Reeder Smith, of Appleton, Wisconsin.

In this marriage we have a living proof of the energy and devotedness of our Appleton girls. The lover could not come for his bride; his absence from California would have lost him a valuable situation. So he sent word to Mary G. just how matters stood, and she immediately started in the winter and made the long journey to the Golden Land to meet her second self. Heaven prosper our young friends.—*Appleton Crescent.*

A Mammoth Dry Goods House.—We yesterday visited the Wholesale Dry Goods store of Messrs. Cooley, Wadsworth & Co., to see, as a matter of curiosity, the marks of the burglars who recently got up such a "paying sight" upon that establishment. We were also shown the "hole" that was made in their shelves by the robbers, which did not seem much of a one after all, compared with the immense quantities of goods that were piled from floor to ceiling in every direction, although the thieves got over three thousand dollars worth. There are few houses in the country doing a more extensive Dry Goods business than Messrs. Cooley, Wadsworth & Co. Last year their aggregate sales amounted to something over $1,000,000, and from their arrangements for this year that amount will, no doubt, be very largely increased. This firm is possessed of unlimited pecuniary means, and their stocks are always bought from first hands, they making their own importations of the foreign fabrics sold by them.

Merchants in the west should give Messrs. Cooley, Wadsworth & Co. a call before going to the East to make purchases, as they will find they can do quite as well by them as the Eastern merchants. We learn that this house has been established ten years.—*Chicago Tribune.*

Letter from Hon. John Minor Botts, of Virginia.

Richmond, July 9th, 1855.

Messrs. Wm. S. Beers & Co.,

Gentlemen:—Considerations of duty to the afflicted alone prompt me to send you this voluntary testimonial to the great value of CARTER'S SPANISH MIXTURE, for that almost incurable disease, Scrofula.

Without being disposed, or deeming it necessary, to go into the particulars of the case, I can say that the astonishing results that have been produced by that medicine on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted, and all the usual remedies had failed, fully justify me in recommending its use to all who may be suffering from that dreadful malady.

I do not mean to say that it is adapted to all constitutions, or that it will afford the same relief in all cases; for of course, I can know nothing about that—but from what I have seen of the effects, I would not hesitate to use it in any and every case of Scrofula, with persons for whom I felt an interest, or over whom I could exercise influence or control.

Respectfully yours,
jan23 JNO. M. BOTTS.

SABBATH EVENING LECTURES.—The fifth Lecture on the Evidences of Christianity, will be delivered in the First First Presbyterian Church to-morrow (Sabbath) evening, at 7½ o'clock, by the Pastor, Rev. S. G. SPEES. SUBJECT—"The Integrity, or the Uncorrupted Preservation of the Scriptures.

FIRE.—The dwelling house of Mr. E. BRIDGMAN, conductor on the La Crosse R. R., took fire about 10 o'clock yesterday morning, from a stove-pipe, running up through the kitchen roof. The alarm was promptly given, and the Firemen were soon on the ground. Fortunately, however, their services were not needed, the flames having been extinguished with a few pailfuls of water.

MILITARY.—The Union Guards, a new Infantry Company, composed mainly of citizens of Irish birth, paraded for the first time, yesterday, under the command of their competent instructor, GARRET BARRY, Esq. The uniform of the Union Guards is neat and showy, and their proficiency in drill creditable alike to them and to Mr. BARRY. They mustered about 40 muskets.

GETTING READY FOR NAVIGATION.—A large number of men are occupied on the fleet ice-bound in our river, getting ready for navigation. Vessel-owners hope to open the season by the 25th of March, or 1st of April.

SIGNS OF SPRING.—We met our friend of the City Auction Store coming down street yesterday with a bouquet of freshly gathered flowers, which he politely handed to us as a grateful premonitory of Spring.

Circuit Court, March 14.

JUDGE HUBBELL, PRESIDING.

In the Circuit Court, yesterday, the trial of Edward Kavaugh and —— Townsend, for assault with intent to kill E. D. Holton last summer, came on.

In sentencing a boy, previously tried for an assault with intent to kill, and which case the jury convicted of the assault only, the Judge remarked that he should impose a fine of $25, and the defendant to pay the costs, adding, that "if there had been a House of Refuge, I should have deemed it my duty to have sent the boy there to be taught what he seems to most need, proper discipline." The Judge spoke of the jail as an unfit place, &c., for such boys, that it was a school of vice, where the boy, being in the company of old and corrupt offenders, would be made worse.

The trial of Henry Schumacher for the murder of John L. Prevo, in the Fifth Ward, (and who has been once tried,) will commence this morning.

The jury, in the case of Kavanaugh and Townsend after being out several hours brought in a verdict of not guilty.

After this, we should think the assailed would have considerable doubt whether he really was struck.

The Court will probably adjourn *sine die* to-day, if the trial of Schumacher is ended.

Police Court, March 14.

William Murdock drunk and disorderly, fourth offence, was sent to jail thirty days.

Elizabeth McQuaint, drunk, only $1,00; Peter Tarnger drunk, $1,00.

Trial of the Challenge Safe.

REPORT OF THE COMMITTEE.

We, the undersigned, citizens of this City, having acted as a Committee on the trial of one of the Challenge Safes manufactured by Hornbach & Wagner, of this city, yesterday afternoon, certify by this, that said Safe was placed on four small brick layers, twenty inches from the ground, surrounded by a circular wall about three feet distant from the Safe, and reaching more than a foot above it, and covered from all sides as well as from top and bottom by wood, thus filling the whole space between the Safe and the wall and some way upwards, with just four cords of wood. We having inspected the books, papers and bank bills that were placed in the Safe, fire was set to the pile of wood, and owing to a quantity of turpentine which had been poured on the wood-pile, the whole was in a short time all in a blaze. The flames then continued raging for an hour and a half around, above and below the Safe, melting off a solid brass knob of an inch and seven-eighths in thickness, and bringing the Safe to a red-hot heat, when we, the Committee, considering this a fully satisfactory trial, and one that a safe is unusually subjected to in case of conflagration, concluded to let an engine play on it. This was quickly brought in execution, the stream of water being directed against the Safe, and after it had thus been cooled off and the flames extinguished, to admit of approach, it was tried to be opened, which after some little time was effected, when in our presence the Safe was opened, and to the astonishment of all persons present, the articles deposited inside, including $15 in bank notes belonging to Mr. Illsley, were found uninjured by fire, and only some of them slightly damped by the steam created by extinguishing the flames.

Fully convinced that the test said Safe was subjected to was a fully satisfactory one, and much severer than any ever before given in this city, we take the opportunity of recommending the Challenge Safes of Hornbach & Wagner to all who may stand in need of a safe-guard for their books, papers and other valuables, as a perfect security against all the depredations of fire.

In my last week's report under the 1st and 7th Wards there is an error which is hereby corrected, it refers to L 5, B 161, for $4,000, and ought to read, South ½ of L 5, B 61, 1st Ward for $4,000.

I submit the above to the public, with the remark that it is a continuation of my reports, the first of which I published in December last, which constituted the *first regular weekly report of bona fide sales of real estate ever* furnished the public in this city.

W. LAIDLAW.

CUSHMAN'S ENTERTAINMENTS.—A large and highly respectable audience greeted Mr. CUSHMAN again last night at Young's Hall. All his songs elicited hearty rounds of applause. The "Green Mountain" medley and "Jamie on the Stormy Sea," were rendered in a remarkably effective manner. But we are told that some of his best pieces were omitted in consequence of the confusion caused by the alarm of fire. To say that the paintings satisfied the expectations of the audience would but poorly express the interest with which they witnessed each succeeding step in the career of the victim. The *entire Mirror* is to be exhibited this evening for the last time in this place, with a change of songs and personations in character.

Afternoon exhibition at 2 o'clock for children. Admission only 10 cents.

CUTLERY AND TOOLS.—J. Hardy, opposite the Walker House, who makes old knives as good as new, by putting new blades in old handles, has just received an addition to his stock of Cutlery and Tools, Razors, and superior Razor Strops, Table, Dessert and Pocket Knives, Forks, Scissors and Shears, &c. Mechanics will find a new and improved sort of Hand Saw, the first of the kind brought to the city. All kinds of Brittannia Ware, Candlesticks, &c.

REAL ESTATE SALE.—Mr. J. S. MABBETT, of the Firm of Mabbetts & Breed, bought yesterday, of Dea. J. Whitney, the North half of Lot 11, Block 20, in the 7th Ward, with improvements, for $3000. This property is situated on Milwaukee street, next South of Plymouth Church, and sold last spring for $2,100—a very handsome rise within the year—and could have been bought three years ago for $1000. Mr. Mabbett purchased the South half of the lot with the improvements, about one year ago for some $1,500.

THE EASTERN MAIL.—Some of our cotemporaries have stated that the Eastern Mail is now sent and received by the Lake Shore Rail Road. This is a mistake. No orders for making such a change had been received at our Post Office up to yesterday. The public must "grin and bear it" a little longer.

FIRE DEPARTMENT ELECTION.—Our Fire Department are called together on Monday next to elect a Chief Engineer, three Assistants, and fourteen Fire Wardens, two for each Ward. See notice of Chief Engineer.

FALSE ALARM.—The alarm of fire between 8 and 9 o'clock last evening, was caused by the burning out of a chimney in the American House.

LARD OIL AND CANDLES.—See the advertisement of Patton & Williams, in this morning's paper, of Lard Oil, Star Candles, Pearl Starch, &c.

CALEB WALL.

CITY LAND OFFICE.

I HAVE GREAT BARGAINS in Real Estate to sell for a few days, owing to the tightness of the money market, which affects the nervous men just as a thunder storm frightens old women who run and get onto a feather bed to be protected from a thunderbolt. This will all be over in a few weeks: there is as much money as ever! But the weather continues cold, the price of grain is at a stand, and the prospect of a war with Barstow at Madison will go the way of all the Mulleridge. Ye who have common sense and nerve take advantage of Fanaticism, for property will be fifty per cent. higher in sixty days. It cannot be otherwise. Only think of it; Milwaukee is destined to have, and will have, one hundred and fifty thousand inhabitants in five or six years. It cannot be otherwise, when we have ten different Rail Roads centering here. The property I have for sale will be sold on easy terms. CALEB WALL, mar14 General Land Agent.

CITY LAND OFFICE.

I HAVE left with me, this morning, a half acre in Rogers' Addition, 1st Ward, which I am instructed to sell at a great bargain. Improvements, a one and a half story framed house. mar14 CALEB WALL.

CITY LAND OFFICE.

I HAVE left with me a half lot and a good house on Main street, between Oneida and Biddle streets, which I will sell at a great bargain. Terms, one third cash, balance in 1 or 2 years. It is, honestly, a bargain. mar14 CALEB WALL.

CITY LAND OFFICE.

I HAVE LEFT with me a house, containing 5 rooms, and 2 lots on Albion street 1st Ward, being 100 feet front and 150 feet deep, which I am instructed to sell for $2000, and on easy time. It is a good bargain. Apply to March 13. CALEB WALL.

CITY LAND OFFICE.

4 ACRES of School Section in 1st Ward with improvements on it worth $1000, for sale at a great bargain. The owner wishes to dispose of it immediately, as he wishes to go to Kansas. CALEB WALL. March 13.

CITY LAND OFFICE.

A FARM of 168 acres, situate half a mile from Pine Lake Station, on Watertown Rail Road, about 1 mile from village of Delafield, on main road to Pine Lake Station, for sale. It is in an excellent farming district. For further particulars, enquire of mar 4 CALEB WALL.

CITY LAND OFFICE.

GREAT AND EXTENSIVE SALES of valuable property in the Second Ward. That eligible tract of fifty acres purchased by Mr. Plankinton, of Col. Crocker, is now being platted into city lots; all are well aware that there is no part of the city so desirable and so safe to make investments as the Second Ward; the population in that Ward has increased twenty per cent over any other Ward in the city, and the property in said Ward is far below its value. All who are desirous to make investments and to purchase a home, an opportunity will be offered, on the fifteenth day of April. By the first of April I will have ready lithograph maps of the said property to distribute to all who are desirous to obtain any of the said lots. I would also mention for the information of those who are not acquainted with that part of the city, that the soil is so very fine, being of a sandy loam, it does not require any manuring. The most handsome and thrifty gardens are to be found in that vicinity; also, the water which is found at from 15 to 18 feet, is very superior. These are facts necessary for all to know. The lots will each be staked out by the time the plats are ready. The terms of sale, the time, and the place where it will be held I will give notice next week. march12 CALEB WALL, Land Agent

A Sunday Fight at Washington.

WASHINGTON, March 10.

A disgraceful affair took place in the Ladies' Parlor of the National Hotel yesterday. A Mr. Stuart, of Louisville, supposed he had been affronted by a Mr. Mahon, of Washington. He knocked Mahon down, upon which Mahon drew a pistol and fired at Stuart, but missed him, Stuart having pushed Mahon's hand aside. The ball, however, passed so close to Stuart's bowels that it tore his pantaloons. Stuart, who is a very stout man, took hold of Mahon with one hand and gave him a severe pummeling with the other in the immediate vicinity of his eyes, nose and mouth, cutting and bruising him seriously and disfiguring him awfully. About this time some of those looking on interfered, and separated the parties.

ÆTNA INSURANCE COMPANY

OF

HARTFORD, CONNECTICUT.

Capital 300,000 Dollars.

Agent's Office, No. 9, Martin's Block, Milwaukee, WISCONSIN.

THIS COMPANY was organized in the year 1810, under a perpetual Charter, and insures against the loss or damage by fire, Dwelling Houses, Stores, Manufacturing Establishments, Household Furniture and Merchandize in general, on terms as favorable as a sound and healthy condition will warrant.

MILWAUKEE MUTUAL

FIRE INSURANCE COMPANY,

OFFICE IN MARTIN'S BLOCK, MILWAUKEE, WIS.

Capital over $135,000, in Cash & Premium Notes.

THIS COMPANY offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incompatible ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments, at a cost to the property insured, not exceeding two mills on the dollar.—Its business is principally confined to this State.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. In regard to the character of the work got up by this

The Oldest Establishment in the State,

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

Mr. Horn is a Painter by profession, and invites public attention to his style of painting Photograph. These pictures EXCEL THE FINEST PAINTING UPON IVORY, and while they equal the works of the Masters in their delicacy and richness of coloring, far surpass them in exactness of delineation and PERFECT FIDELITY TO FEATURE, expression and nature.

Friends, relatives and lovers may now rejoice in the possession of perfect likenesses, at a price that places them in the reach of all. Our painted Photographs are warranted to be all that is here represented, and we guarantee them to preserve their color without fading, at least as long as paintings on Ivory.

Particular attention also paid to Ambrotypes and Daguerreotypes, and

ALL THE IMPROVEMENTS IN THE ART

are applied by us as soon as introduced at the East.

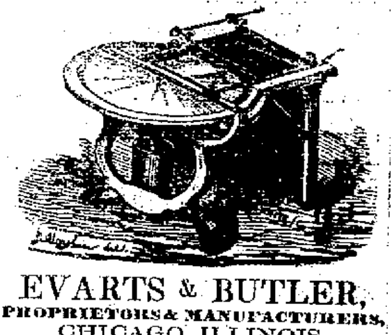
EVARTS'

PATENT SHINGLE MILL



EVARTS & BUTLER,

PROPRIETORS & MANUFACTURERS,

CHICAGO, ILLINOIS.

THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority, is produced by making the cut in the direction of the fibre of the wood.

The ease with which wood is worked in that direction gives it speed of execution; and the flexibility of the shingle width-wise relieves the saw, so that it may be ground thin on its edge, so as to cut away but little of the wood.

The shingles now made with this mill sell in this market seventy-five cents per thousand higher than any other sawed shingles.

This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.

HARPER FOR MARCH at feb26y E. C. ARNOLD'S, 176 E. Water st.

MEDICAL.

TO THE MILLION!

READ AND JUDGE FOR YOURSELVE

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following:

CARLYLE, Ill., June 29, 1855.

I have used Prof. Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey; but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,

Ex-Senator United States.

VINCENNES, Ind., June 10, 1855.

Prof. O. J. Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it; that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,

WILSON KING.

A gentleman of Boston writes to his friends in New Bedford, thus:

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely; but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.

July 1, 1854. Yours, &c.,

GARDNER, Me., June 22, 1855.

Mr. Dyer: Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, &c.,

DANIEL N. MURPHY.

St. Louis, March 7, 1854.

Prof. Wood:—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.

A. C. WILLMANSON,

198 Second Street.

St. Louis, June 22, 1852.

Prof. Wood:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey; and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

I am, sir, yours, &c.,

H. L. STEWART.

DR. WEAVER'S

CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c., &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their active powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicate any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is aching us daily from East, West, North and South, of wonderful cures they are preforming.

See what is said by those who have used these medicines:

The Rev. Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."

Capt. William Vail, of the steamer Granite State, says: "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores; is now perfectly cured by the use of the Syrup and Cerate."

Dr. A. J. Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."

Rev. August Bolles says "it has cured the Salt Rheum in my leg."

J. Hatfield Fraser, Esq., editor of the Somerset Whig, Somerville, N. J., says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon. Joel Loomis, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy-eight years, but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq., of Orient, Long Island, N. Y., says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev. J. S. Swan, of New London, says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Frisbery, of Taunton, Mass., what the medicines will do; ask William Barber, of Three Mile Bay, Jeff Co., N. Y., what the syrup has done for him; ask G. F. & W. H. Boynton, of Perkinsville, Vt.; ask F. L. Kent, of Chicago, Ill; ask Martha Cottle, of Martha's Vineyard, Mass; ask Wm F. Keabler, or Wm P. Benjamin, Esqs., of New London; ask Dr. H. M. Murdock, of Pulaski, N. Y.; ask J. C. Smith, of Brooklyn, N. Y., who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate; ask Curtis Burrough, of Shelby, N. Y., who has been cured of a severe case of Salt Rheum; ask Chas. Akin of Hume, N. Y., what the Syrup and Cerate will do for sore legs; ask Winslow and Slater, Merchants, Virgil, N. Y. what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.
